

POWDER ACTIVATED CARBON GROW-SURE2™

Grow-Sure2™ is a powder activated carbon made from high quality lignite coal through carbonization and steam activation under stringent quality control. It is excellent for use in agricultural applications such as carbon banding for seed protection and reducing organic herbicide and pesticide concentrations in soil.

FEATURES AND BENEFITS

- ◆ High adsorption capacity and efficiency
- ◆ Cost effective and economical to use
- ◆ Highly developed pore structure

SPECIFICATIONS

Mesh Size: Less than 100 mesh	99%
Less than 200 mesh	95%
Less than 325mesh	90%
Iodine Number (mg/g)	700 minimum
Total Ash	15% maximum
Moisture	10% maximum as packed
Bulk Density (lbs/ft ³)	23-25 typical

Packaged in 44-lb. poly bags or 880- pound supersacks

All above test methods are performed using ASTM protocol for powder activated carbon. This product meets Food Chemical Codex requirements for activated carbon.
